

2020-2021 Agronomy Ambassadors

To our new Agronomy students,

We're glad you chose Purdue University and the Agronomy Department. The Agronomy Student Ambassadors would like to welcome you to what we hope will be the beginning of a great career.

There are many great clubs and opportunities at Purdue, so take advantage and get involved in one or more activities. You can find a complete list of all clubs at <https://boilerlink.purdue.edu/> Getting involved is a great way to meet people with the same interests as you, develop lifelong friendships and start building your resume.

If you have any questions, please feel free to contact any Ambassador. We look forward to meeting you and helping you any way we can. Enjoy the rest of your summer and we'll see you in August!
